BIO SPEAKER:

Albrecht Wolfmeyer is a seasoned leader and strategist at the intersection of industry, advocacy, and capital dedicated to architecting a resilient global food and agriculture system. At the ProVeg Incubator, he built a world-class authority for the alt-protein sector, working with over 100 startups from across the globe. **Besides his role as Strategy Director at ProVeg Germany, he currently serves as a Venture Partner at Grey Silo Ventures, catalyzing ag-tech innovation, and acts as a strategic bridge for the Government of the Netherlands as its Business and Partnerships Liaison in Germany.**

Albrecht is a Newton Venture Fellow (London Business School & Phoenix Court) and a mentor in several startup programs. He holds degrees in Social Sciences and Association & Non-Profit Management. As a polyglot fluent in five languages, he can lead diverse teams and negotiate complex partnerships across organisations and markets.
